

## **Holiday health care coverage for SAS world headquarters**

While SAS world headquarters and the Health Care Center (HCC) are closed from Dec. 24 through Jan. 1, primary care patients will be able to seek medical attention at a variety of local urgent care centers during their business hours. (Please note that this information is being provided as a courtesy; you are not required to use these centers.)

For medical needs after hours and on holidays you may contact the on-call physician by calling the answering service directly at 919-831-5051 or by calling the HCC at 919-531-8809 and following the prompts.

### **In case of illness or injury**

Employees covered by the Blue Cross Blue Shield Blue Options PPO may see any network provider and pay the appropriate visit co-pay.

See the [printable flyer](#) for a list of local urgent care centers.

### **Special Holiday Coverage for Breastfeeding Needs**

For breastfeeding mothers who need consultation or assistance during the holiday, one of our staff lactation educators will be on call each day of the holiday break. To access an educator, call HC1 at 919-531-8809 and follow the prompts. Messages will be checked periodically each day and returned the same day. *If you have an emergency, contact one of the local urgent care locations provided in the link above.*

There are also other options for breastfeeding assistance. If you delivered your baby at WakeMed Raleigh Hospital (919-350-8000) or WakeMed Cary Hospital (919-350-2300), you are entitled to one outpatient lactation consultation visit without any charge.

Other resources include:

- [Nursing Mothers of Raleigh](#) (919-847-4903)
- [La Leche League](#) (919-755-6400)
- [Triangle Lactation Consultants](#) (919-845-8826)
