

Hello fellow SAS® users,

There's still time to register for a SAS regional users group conference near you! The conferences are run entirely by your fellow SAS colleagues, and they are designed for beginning to advanced SAS users. SAS staff will also be there to provide presentations and to get your feedback on SAS software and services.

Click on these links for conference details:

[NorthEast SAS Users Group \(NESUG\)](#) – Sept. 14-17 in Pittsburgh. NESUG is the place to solve challenging programming problems and gain practical information for use at work. Attendees believe that NESUG is “of the users, by the users and for the users.” The information that you learn in just one presentation can save you hundreds of hours.

[Pacific Northwest SAS Users Group \(PNWSUG\)](#) – Sept. 22-23 in Seattle. Be among the scores of SAS users who network and learn in the fun environment of PNWSUG.

- Talk with SAS developers who work with the features you value most.
- Listen to keynote speaker Caroline Quinn, a SAS Senior Manager in Development Testing. Quinn will present “One World One Software: How SAS 9.2 Powers the Global Enterprise.”

[Midwest SAS Users Group \(MWSUG\)](#) – Oct. 12-14 in Indianapolis. This 19th annual conference will provide free in-conference training, presentations, workshops and tutorials. There will also be a special JMP® Statistical Discovery Software track.

[SouthEast SAS Users Group \(SESUG\)](#) – Oct. 19-22 in St. Pete Beach, FL. This wonderful seaside location is perfect for two and a half days of education and networking opportunities. SESUG is celebrating its “Sweet 16” conference year. Celebrate with your fellow SAS users!

[South Central SAS Users Group \(SCSUG\)](#) – Oct. 27 in Houston. Don't miss this action-packed educational forum of SAS skill building, free hands-on workshops and networking with other SAS users. Minimize your time out of the office, and maximize your savings. This special one-day forum is only \$150 per person.

[Western Users of SAS Software \(WUSS\)](#) – Nov. 5-7 in Universal City, CA. At WUSS you can learn new techniques to improve efficiency and increase productivity.

- Pre- and post-conference sessions available in both full- and half-day formats.
- SAS experts will provide help with your programming challenges.
- Work toward your SAS certification credential by taking a SAS Certification Exam.

See you there,

Andy Littleton, Sara Jones, Michael Smith – SAS Users Group Liaisons

PS: No matter which conference you choose to attend, be sure to check out the new Exhibit and Demo Room. It's been designed with a greater emphasis on interactions, exchanges and networking. Stop by

the Information Booth to say hello. We'd like to show you around and help you with the Hotline to Headquarters.

Let us know what you think of the new Exhibit and Demo Room!
