

Speakers Template

Thank you for volunteering to speak at the Golden Horseshoe SAS Users Group..

Our user group has been formed to provide a forum where local users can meet each other and exchange information of interest to them as SAS users.

This form is to help us understand what you would be talking about to GHSUG and to help us promote your talk to GHSUG members if it becomes part of our program. Better information here will make it easier for the executive committee to schedule your talk appropriately, and will improve your chances of a large and interested audience.

Speakers' Name		
Tentative Title		
Abstract	<i>Please write a 150-250 word description that outlines what you intend to talk about and the value it would provide to our audience.</i>	
Speakers' Bio	<i>Please write a 150-250 word bio of the speaker including the number of years they have been practicing in the field they are speaking on, their skill set, and other facts that support their credibility in talking on the subject they have chosen.</i>	
Previous Speaking Engagements	<i>Please list pertinent previous speaking experience.</i>	
Upcoming Speaking Engagements	<i>Does the speaker have any upcoming engagements that we could preview?</i>	
References	<i>Please list two people who know of the speakers' abilities that we could contact.</i>	
<i>Name and email contact information please.</i>
