### Value Proposition

SAS® Consulting Mentoring Services accelerates the value of your software investment.

SAS™ Consulting views knowledge transfer as an integral part of all its engagements. Developing your expertise in SAS® will not only ensure success throughout the implementation, but it will lay a solid knowledge foundation for future initiatives.

No one knows SAS® technology and solutions better than SAS® consultants. Our consultants deliver a continuum of modular, flexible consulting services that can be customized to meet your specific needs.

### Service Description

Our SAS® Consulting Mentoring Service offers personalized on-site assistance to your organization. When you have a small group of individuals who need short-term help with either specific features of SAS® software, application technique, or with business initiative planning that could utilize SAS® solutions, then a SAS® consultant will meet with you at your site and provide you with the guidance and assistance that you need.

SAS® Consulting Mentoring Services leverages SAS® consulting expertise gained from applying best practices in complex and diverse SAS® environments.

Organizations will find value in our SAS® Consulting Mentoring Service as it removes some of the costs associated with training in-house SAS® expertise, by utilizing the knowledge of seasoned SAS® consultants.

To learn more about our SAS® Consulting Mentoring Service offering please contact your local Account Executive or call 877-SAS-INST (877-727-4678) and ask for Consulting Services.
