A Christmas Message from the Quest President....

Hi fellow Questors!

The Quest Committee and I would like to take this opportunity to thank all of you for supporting Quest in Brisbane.

It has been a whole lot of fun being Quest President over the last few years. The SAS user community in Brisbane is small by comparison to other states, but we are a friendly, no nonsense bunch and are very supportive of the rest of the Quest user group events.

Thanks again for all your support and I wish you and your families a safe and happy Christmas.

Adam Player
