

Wednesday, 21 June 2006
Stamford Plaza Melbourne
Buckingham Room
111 Little Collins Street
Melbourne, Victoria 3000

2:00pm Registration – Afternoon Tea

2:30pm Introduction

Charles Rance, General Manager Victoria, SAS Institute Australia

2:35pm Welcome

Tony Wohlers, SMUG President,

2:40pm Enterprise Guide v4.1: The Latest and Greatest

John Savoria – Senior Business Solutions Specialist, SAS Institute Australia

3:10pm Coffee Break

3:25pm Enterprise Guide v4.1: More than Just a Pretty Face! Programming and Statistical Analysis with Enterprise Guide

Evan Stubbs – Senior Business Solutions Specialist, SAS Institute Australia

Abstract – This two-part presentation will focus on the latest release of Enterprise Guide. John will provide an overview of the new features within Enterprise Guide 4.1 and show how to put Enterprise Guide projects into production through automation. Evan will then look at how Enterprise Guide can assist with productivity gains and have a general discussion about the benefits of using Enterprise Guide as an alternative to the SAS programming interface and as a generalist statistical analyst tool.

3:55pm Repelling the Space Invaders: Minimising the footprint of analysis

Techniques for business analysis while keeping within tight workspace limits.

Richard Carson & Colin Holmes – Senior Consultants, Sysware Consulting P/L

4:25pm Session Close
