

Experis provides the solutions to thoroughly assess data and formulate statistically sound conclusions.

Today's business environment is driven by new technology and ever-changing business processes. Experis provides managed solutions and services designed to improve overall profitability, competitiveness and organizational efficiency in both local and global environments.

A SAS® Institute Gold Partner, Experis collaborates with SAS® to develop customized analytical business solutions that help clients make smarter decisions. Utilizing sophisticated SAS® statistical tools, our matrix of services and solutions includes:

- Data Analytics and Data Mining
- Forecasting
- Custom Application Development
- SAS® Installation, Migration and Configuration
- Analytical Reporting
- Clinical Data Analysis and Reporting
- Assessments
- Customized Training

Experis addresses your data analysis needs at every organizational level, regardless of timeframe or scope. Our services can be delivered on-site or off-site via our Centers of Excellence located throughout North America.

Definition of Business Analytics

Our highly-trained statisticians, programmers and project managers possess the knowledge and experience to provide client-centric, cost-effective solutions that translate into enterprisewide value.
