## Powered by SAS® Logo Installation Instructions

1. After downloading the file, unzip the download file.
2. Before using the logos, please review the guidelines below.

## Powered by SAS® Logo Guidelines

The purpose of this document is to provide helpful information regarding SAS Institute Inc.'s ("SAS") trademarks and logos in general and specifically the Powered by SAS logo (the "Logo").

Compliance with these guidelines is required in order to avoid any breach of the Terms and Conditions under which you have been authorized to use the Logo. SAS may modify these guidelines or the Logo from time to time, and you will be bound to comply with the revisions. SAS will give advance notice of these changes if possible. If you have any questions relating to these guidelines you can contact SAS' Legal Department at (919) 677-8000.

**All logos, service marks, trademarks and registered trademarks under which SAS Institute Inc. markets or promotes its various products and services are, and shall remain, the exclusive property of SAS Institute Inc., Cary, North Carolina.**

You must never create the impression that the person or company advertising with the Logo is employed by SAS or that any SAS name, product and/or logo belongs to any person or company other than SAS Institute Inc. The Logo must not be used in a manner that implies SAS sponsorship or endorsement of your product, service or Internet site.

When used in an Internet site, you must make the Logo a link to the following URL: <http://www.sas.com/>

Do not use the logo or any SAS trademark more prominently than your company, product or service name.

You must use only SAS' authorized electronic artwork of the Logo. The Logo must stand by itself and must include a minimum amount of empty space surrounding the Logo so as to separate it from any other object, such as type, photography, borders, edges, etc. The Logo may not be used as a feature or design element of any other logo.

The Logo must be accurately shown in standard proportions and placement and must NEVER be distorted, superimposed, reversed, outlined, rotated or otherwise modified in any way. The Logo can not be reduced in size beyond what is electronically provided by SAS. The Logo dimensions are 92 x 32 pixels. Furthermore, a minimum distance of 30 pixels of space should surround the Logo to avoid unintended associations.

The following footnote must be used on materials and on Internet sites that include the Logo:

"SAS and all other SAS Institute Inc. product or service names are registered trademarks or trademarks of SAS Institute Inc., in the USA and other countries. ® indicates USA registration."

Use the appropriate symbol with SAS and other SAS trademarks at their first prominent use and their first use in each document. For HTML documents, use the symbol at the first prominent and first use in text on homepages, "top-level" pages, and any pages that are linked from pages outside the immediate document.

SAS reserves the right of review the use of the Logo. Disregard for the Logo Guidelines may result in a revocation of the authorization, and with all benefits enjoyed through participation in the program. Third parties improperly using the Logo must correct any deficiencies in their use and/or the quality of the product used in conjunction with the Logo upon reasonable notice from SAS. Refusal to correct such deficiencies may result in revocation of your authorization to use the Logo.

The permission to use the Powered by SAS logo should not be confused with the granting of permission to use the "SAS" logo. Specific written permission must be obtained from SAS for each instance you wish to use the "SAS" logo.
