Education and Philanthropy

Across the globe, SAS offices manage programs tailored to fit the needs of their communities and the interests of SAS employees. In 2018, SAS donated more than $95 million to nonprofits across the globe. SAS targets education initiatives in science, technology, engineering and mathematics to ensure the next generation of computer innovators have the knowledge and skills to succeed.

In 2018, SAS Hungary donated office furniture, plants and other equipment to Hűvösvölgy Children’s Home and János Hospital after relocating to a new office. For Giving Tuesday, the office collected money, clothes, toys and food to donate to underprivileged families and also money, food and equipment for an animal shelter.

Environmental Program

SAS is committed to reducing its environmental footprint with multiyear programs focused on energy conservation and solar projects, emission management, pollution mitigation, water conservation, waste reduction and recycling, procurement and green building. SAS embraces Leadership in Energy and Environmental Design (LEED) guidelines and equivalent standards for new construction projects and existing buildings. The SAS Hungary office uses recycled paper for internal printing purposes and promotes selective waste collection.

Employees and Culture

SAS is recognized worldwide for being a great workplace and for working to ensure that employees stay healthy, active and engaged. In 2018, SAS was recognized as one of Fortune’s Best Places to Work for Millennials, World’s Best Multinational Workplaces, Computerworld’s 100 Best Places to Work in IT and Best Workplace in Technology.
