

# Insurance ID Cards

Insurance identification cards are sent to employees upon enrollment in the SAS Medical Plan. ID cards will be mailed to your home address within one to two weeks of enrollment in the plan.

All SAS Medical Plan participants will receive two sets of cards:

1. Medical ID cards from Blue Cross Blue Shield of North Carolina.
2. Prescription ID cards from PharmAvail (*Dental and Vision information can be found on the back of this card*).

If you do not receive your ID cards, contact:

- BCBS at 1-877-258-3334
- PharmAvail at 1-800-933-3734

Note: If you are only enrolled in the Dental and/or Vision Plans – and not in the Medical Plan – you will not receive insurance ID cards. If desired, you may download a generic dental ID card from the Ameritas website <https://explore.ameritas.com/sas/dental/> and a vision ID card by logging into the VSP website [www.vsp.com](http://www.vsp.com)

## Health Care FSA Debit Card (also used for Commuter Account)

Participants in the Health Care FSA will receive a set of debit cards from Flores & Associates upon enrollment in the plan. For more information, contact Flores & Associates at 1-800-532-3327 or flores247.com

## Replacement Cards

If additional or replacement insurance ID cards are needed, you can request them directly from the vendor(s) – see above contact info.

## Member ID Number Information

In order to safeguard your privacy, ID cards will include unique member identification numbers, rather than social security numbers. When accessing health care services, or to complete claim forms for reimbursement, you may choose to use either your unique member number or your social security number.
