

SAS Health Care Center Coronavirus (COVID-19) Update

The Health Care Center and the HCC Pharmacy are fully operational. Managing your chronic health conditions and providing preventive care is essential in maintaining your health and we're here for you. [Call the HCC](#) before entering our facility if you are sick or have been exposed to COVID-19.

Health Care Center Visits

- Appointments may be scheduled for in-person visits in the clinic or via telehealth, with provider discretion.
- COVID-19 vaccine and testing are available by appointment.
- Face masks are mandatory for all HCC staff, patients and visitors.

Call the HCC if you are feeling ill. Do not walk in.

- A member of our COVID Triage team will contact you and provide guidance for your care.
- Scheduling staff may refer you to a COVID Triage nurse regardless of your symptoms.
- COVID-19 calls received after 3:45 p.m. will be answered in the morning of the next business day.

HCC Pharmacy

- The HCC Pharmacy is fully operational.
 - **Curbside delivery.** If you are sick or prefer not to enter the lobby, call the pharmacy when you arrive at [919-678-8261](tel:919-678-8261), we'll take your payment over the phone and bring medications out to your car.
 - Remember that you can only get 90-day prescriptions filled at the HCC by pick-up or by mail order.
 - **Mail order prescriptions:**
 - Call and speak with the HCC Pharmacy directly to discuss mail order options.
Phone: [919.678.8261](tel:919-678-8261)
Toll Free: 866.827.8975
 - **Do not** click "Mail to Me" on walgreens.com or on the app as your prescriptions may be sent from another Walgreens location, take longer to get to you and cost more.
