Consultant

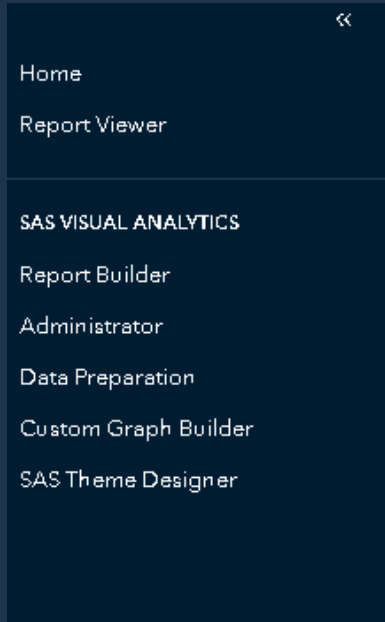

Hinweise zum Ablauf des Webinars:

- Teilnehmer sind automatisch “stumm” geschaltet
- Sie können Fragen stellen mit dem Widget 
- Die Veranstaltung wird aufgezeichnet und mit den Unterlagen auf www.sas.de/lunchtime zur Verfügung gestellt

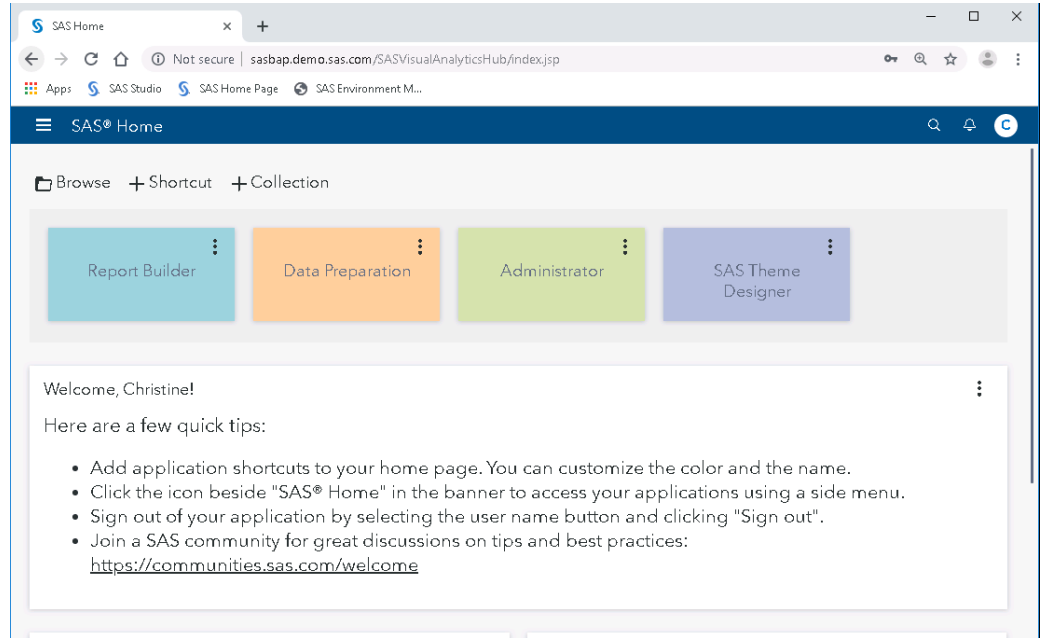

What's New in SAS Visual Analytics 7.5

Overview

General Enhancements

- Rewritten in HTML5
- Explorer and Designer combined into a single interface

VA Admin and SAS Themes

Further Changes:

Functional Changes to Row-Level-Security in SAS VA Admin (see [How to Set a Row-Level Permission](#))

List of available fonts managed by the admin ([Make More Fonts Available](#))

General Enhancements

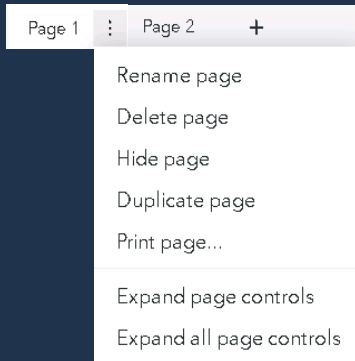

- SAS VA Administrator included in SAS Environment Manager Application
- New Report Themes and SAS Themes

The screenshot shows the SAS Environment Manager Administration web interface. The browser address bar indicates the URL: `sasbap.demo.sas.com/SASVisualAnalyticsAdministrator?view=lasrservers`. The page title is "SAS® Environment Manager Administration". The main content area is titled "LASR" and has tabs for "LASR Servers" and "LASR Tables". The "LASR Servers" tab is active, showing a table of servers. The table has columns for "Server", "Status", "T.", "T.", "H.", and a numeric column. Two servers are listed: "LASR Analytic Server - sasbap" and "Public LASR Analytic Server - sasbap", both with a status of "On" (indicated by a blue dot). The "Count: 2" is displayed at the bottom of the table.

Server	Status	T.	T.	H.	
<input type="checkbox"/> LASR Analytic Server - sasbap	●		<input type="checkbox"/>	s..	1C
<input type="checkbox"/> Public LASR Analytic Server - sasbap	●		<input type="checkbox"/>	s..	1C

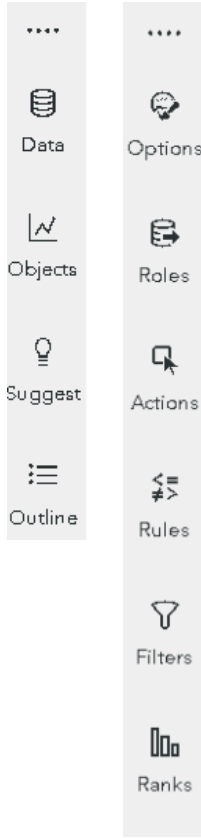

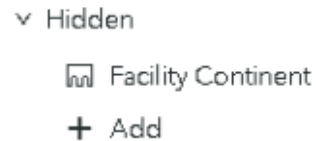

Report Builder

What's new...
