

Mentoring Services

Hire a SAS® instructor for personalised on-the-job coaching.

SAS Mentoring Services deliver informal coaching to enhance what you learned in class and more quickly apply your new skills to your job. Add it to an on-site class or schedule it as a standalone event.

Benefits of Mentoring Services

- Suggesting approaches to unique situations using techniques learned in class.
- Gain insight into your data and code.
- Become more comfortable with new SAS skills.
- Increase your productivity in a shorter time span.

Types of Services

SAS Mentoring Services are structured around your unique needs and are extremely flexible. Whatever your need, we will work with you to develop a mentoring solution that's right for you.

- Add mentoring to your on-site training.
- Schedule a 1-2 day or a multiday session coaching event.
- Lock in a scheduled, extended relationship with one of our instructors for peace of mind on a big project.

Pricing

Mentoring service fees are \$2,200 + GST per day for up to five participants. Travel costs may be additional if required. A formal quote will be provided.

Session Size and Topics

Mentoring is run one-on-one; multiple sessions can be planned into the day. Topics are your choice, some examples are below:

- SAS® Enterprise Guide®
- SAS® Programming
- SAS® Visual Analytics
- Statistics/Analytics

Mentoring is strictly designed to be an informal learning event. It is not designed to take the place of a SAS class, and formal, printed training material will not be provided. To book your mentoring event, contact your SAS Education account representative on [+61-2 9052 1988](tel:+61290521988) (Australia) or [+64 9 281 1876](tel:+6492811876) (New Zealand) or email ed@oz.sas.com.

"Mentoring allowed me to deploy a solution much more quickly by targeting the SAS components that matched my business needs. In one day, we took two projects from conception to production. I will definitely invest in mentoring again."

Denise Curtis
Director of Sales Operations
