

# HADOOP FOR THE ENTERPRISE

Enterprises are increasingly recognizing the importance of Hadoop to their data strategy success: only 34 percent answered that Hadoop was not a pressing issue. What's driving the push to Hadoop, how are enterprises planning to use it, and once adopted, who uses Hadoop and where is it employed? TDWI's recent Best Practices report, *Hadoop for the Enterprise*, found these survey results:

## HADOOP'S MOST USEFUL APPLICATIONS

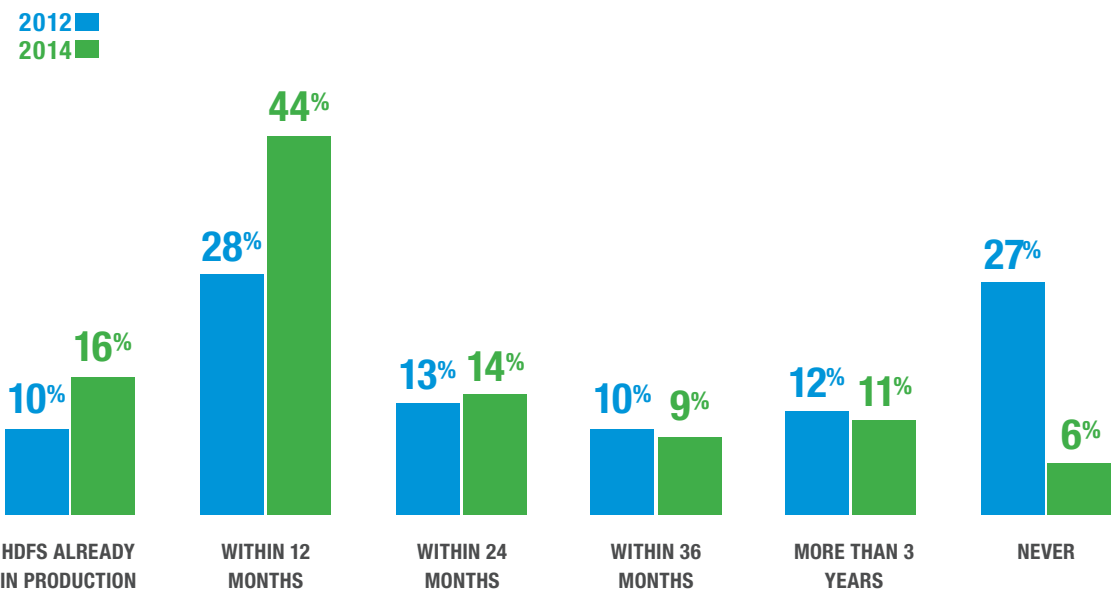

What would be the most useful applications of HDFS if your organization were to implement it? (Respondents could choose up to 4 answers)

Source: Figure 1, page 8

## HADOOP ADOPTION IS ACCELERATING

When do you expect to have HDFS in production?

## WHERE'S THE BENEFIT?

If your organization were to implement Hadoop technologies, which business processes, data, and applications would most likely benefit? (Respondents could choose up to 8 answers)

Source: Figure 6, page 13

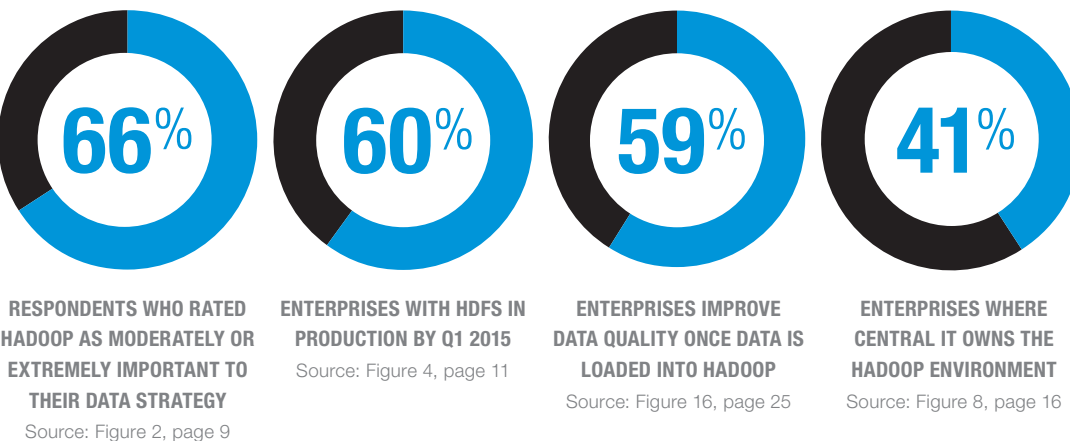

## BARRIERS TO ADOPTION

What are the most likely barriers to implementing Hadoop technologies in your organization? (Participants could choose up to 8 answers)
