### 50-Word Abstract

Randy Guard is responsible for the SAS brand, providing global, strategic direction and marketing vision for SAS® products and solutions. He oversees several operational business units, including product management, global marketing, sales enablement, communications and creative services. Guard has many years of consulting, marketing and product development experience.

### 100-Word Abstract

Randy Guard is responsible for the SAS brand, providing global, strategic direction and marketing vision for SAS® products and solutions. He oversees several operational business units, including product management, global marketing, sales enablement, communications and creative services. Guard has many years of consulting, marketing and product development experience. He is responsible for the SAS portfolio, which spans analytics, data visualization, data management, business intelligence and industry solutions. Guard's extensive consulting background, along with a strong grasp of market dynamics, allows him to align marketing initiatives that position SAS at the forefront of new developments such as IoT, cybersecurity and cloud.
