

## SAS Viya® Advanced®, Hosted Managed Services, Professional Services, and Training Prices

SAS® Hosted Managed Services			
Name	Fees	Unit of Measure	Description
SAS Hosted Managed Services (Small): SAS Viya 4 Advanced	\$479,013	Up to 10 Concurrent Users	1 Prod & 1 Non-Prod 4 TB Storage 2 External Data Sources 2 AZCOPY Single-Sign-On No Database/DR ETL Function Security Model Implementation Location: Azure Central SLA: 99.5%
SAS Hosted Managed Services (Medium): SAS Viya 4 Advanced	\$578,808	Up to 20 Concurrent Users	1 Prod & 1 Non-Prod 5 TB Storage 2 External Data Sources 2 AZCOPY Single-Sign-On No Database/DR ETL Function Security Model Implementation Location: Azure Central SLA: 99.5%
SAS Hosted Managed Services (Large): SAS Viya 4 Advanced	\$772,355	Up to 40 Concurrent Users	1 Prod & 1 Non-Prod 7 TB Storage 2 External Data Sources 2 AZCOPY Single-Sign-On No Database/DR ETL Function Security Model Implementation Location: Azure Central SLA: 99.5%
Disaster Recovery-as-a-Service (Small)	\$259,095	Per Environment	RTO: 24 Hrs RPO: 12 Hrs Location: Azure Canada East

SAS® Hosted Managed Services			
Name	Fees	Unit of Measure	Description
Disaster Recovery-as-a-Service (Medium)	\$268,738	Per Environment	RTO: 24 Hrs RPO: 12 Hrs Location: Azure Canada East
Disaster Recovery-as-a-Service (Large)	\$288,026	Per Environment	RTO: 24 Hrs RPO: 12 Hrs Location: Azure Canada East
Ultra ANF Storage and Managed Backup Services	\$9,500	Per Terabyte Annually	Ultra ANF Storage and Managed Backup Services
Integration Service for External Data Source	\$9,600	Per Data Source	Integration Service
Integration with External Database	\$4,407	Per Data Source Annually	Integration with External Database
Setup for Streaming Log	\$5,421	Per Environment	Setup for Streaming Log
Streaming Log	\$44,388	Per Environment Annually	Streaming Log

SAS® Professional Services			
Name	Fees	Unit of Measure	Description
SAS Viya Analytic Quickstart (Quick Start Services)	\$56,300	Fixed Price	<p><b>Offer Summary</b></p> <ul style="list-style-type: none"> <li>• Viya Innovative Quick Start Framework accelerates SAS Viya adoption through expert-led workshops and tailored knowledge transfer</li> <li>• Enables rapid time-to-value and strategic insights for future actions</li> <li>• Focused on unlocking Viya's full potential through joint development of one (1) Use Case</li> <li>• Use case examples such as: Configuration of Analytic Platform, Optimization of Data Storage, Protecting and Managing Data, Visualization &amp; Operationalizing AI or Making Real-time Decisions</li> </ul> <p><b>Deliverables</b></p> <ul style="list-style-type: none"> <li>• One (1) Discovery session and one (1) Use Case Topic, based on customer priorities</li> <li>• QuickStart workshop sessions</li> <li>• Ten (10) business days may include Use Case review, Demonstration of Use Case, Provide knowledge transfer</li> </ul> <p>Outcomes and Next Step Documentation includes:</p> <ul style="list-style-type: none"> <li>• Executive Summary, Selected Use Case details, Data Source/Process flow, Usage, Outputs/Results generation &amp; recommended next steps</li> </ul> <p><b>Assumptions</b></p> <ul style="list-style-type: none"> <li>• Client provides access to relevant data and Viya environment</li> <li>• Scope limited to agreed use case(s)</li> </ul>

SAS® Professional Services			
Name	Fees	Unit of Measure	Description
			<ul style="list-style-type: none"> <li>• Approx. six (6)-week timeline (Discovery → Workshop → Outcomes)</li> <li>• Knowledge transfer focuses on enabling client team for future self-sufficiency</li> </ul>
SAS Viya Analytic Platform - SAS Programming Migration (Existing SAS 9.4) (Migration Services)	\$164,100	Fixed Price	<p><b>Offer Summary</b> The SAS Programming Migration service provides a guided, low-risk approach to modernizing legacy SAS programs (SAS Enterprise Guide or .sas programs) on the Viya cloud-native platform. It enables teams to evaluate their existing codebase, prioritize migration efforts, and implement a phased strategy aligned with cloud and analytic goals. Organizations gain reduced risk, improved scalability, and alignment with broader cloud and analytics strategies.</p> <p><b>Deliverables</b> Migration Roadmap activities may include:</p> <ul style="list-style-type: none"> <li>• Review SAS Content Assessment results</li> <li>• Mutually identify up to five (5) SAS Programs (SAS Enterprise Guide or .sas) focused for Migration User Guide</li> <li>• Migration of up to five representative SAS programs/projects to Viya</li> <li>• Migration User Guide and roadmap for broader rollout</li> <li>• Advisory support for up to five (5) weeks including: <ul style="list-style-type: none"> <li>- Planning sessions for migration of file system content</li> <li>- Knowledge Transfer sessions on job scheduling</li> <li>- User Support of migrated programs</li> </ul> </li> </ul> <p><b>Assumptions</b></p> <ul style="list-style-type: none"> <li>• Client has existing SAS 9.4 or Viya 3.5 programs to migrate</li> <li>• SAS Content Assessment and/or ESM is installed and completed prior to the is engagement and made available to SAS</li> <li>• Migration Services will be performed from one (1) source SAS 9 environment to one (1) target SAS Viya environment</li> <li>• SAS Enterprise Guide projects must be on version 7.3 or greater</li> <li>• Scope limited to agreed upon use case(s)</li> <li>• Approx. twelve (12)-week timeline (Assessment → Migration → User Guide → Support)</li> <li>• Migration of SAS 9 metadata content is not included</li> <li>• Resources and stakeholders are available for requirements gathering and validation</li> </ul>
SAS Viya Platform Migration Assessment (Migration Services)	\$48,800	Fixed Price	<p><b>Offer Summary</b> The SAS Viya Platform Migration Assessment provides a comprehensive evaluation of your current SAS 9 environment (infrastructure, content, data), defines a target Viya architecture, and deliver a strategic roadmap that accelerates modernization while minimizing risk and disruption.</p> <p><b>Deliverables</b></p> <ul style="list-style-type: none"> <li>• SAS conducts (up to 4) workshops to identify requirements and challenges</li> <li>• Analyzing results from the automated assessment tools to quantify the migration scope</li> </ul>

SAS® Professional Services			
Name	Fees	Unit of Measure	Description
			<ul style="list-style-type: none"> <li>• Produce a Roadmap Assessment Report including:               <ul style="list-style-type: none"> <li>- Environment Audit Summary</li> <li>- Target Architecture Blueprint</li> <li>- Red Flag &amp; Dependency Analysis</li> <li>- High-Level Migration Plan</li> <li>- Recommended Next Steps</li> </ul> </li> </ul> <p><b>Assumptions</b></p> <ul style="list-style-type: none"> <li>• Migration execution is not in scope</li> <li>• Installation and education/training are not included</li> <li>• Project duration: 4–6 weeks</li> <li>• Up to four (4) workshops</li> <li>• Customer is responsible for execution of the SAS Content Assessment tools</li> </ul>
SAS Viya Security Authorization (Implementation Services)	\$35,500	Fixed Price	<p><b>Offer Summary</b> The SAS Viya Security Authorization Service facilitates the delivery of the design and implementation of a scalable SAS security model to manage access to SAS Viya content, application capabilities, file systems, and SAS data.</p> <p><b>Deliverables</b></p> <ul style="list-style-type: none"> <li>• SAS Viya Authorization Security Design</li> <li>• Including SAS Security Authorization Design workshops</li> <li>• SAS Viya Security Implementation</li> <li>• Including SAS Viya Authorization Implementation Summary</li> </ul> <p><b>Assumptions</b></p> <ul style="list-style-type: none"> <li>• Each unit of this Service covers one (1) environment and/or a maximum of 100 users</li> <li>• SAS Viya software is installed and licensed prior to engagement</li> <li>• Customer provides an administrator, configures IdP, and performs testing</li> <li>• SAS standard data authorizations will be implemented at a library level</li> <li>• Standard data authorizations implemented at library level; table/row/column-level security is out of scope</li> <li>• Excludes security for SAS Solutions</li> </ul>
SAS Enterprise Session Monitor (ESM) (Migration Services)	\$36,100	Fixed Price	<p><b>Summary</b> The purpose of SAS Enterprise Session Monitor engagement is to provide a consulting service directed toward a standard installation and configure of Enterprise Session Monitor to provide insights into your analytic workload for migration purposes.</p> <p><b>Deliverables</b></p> <ul style="list-style-type: none"> <li>• Installing ESM on Development environment for testing deployment and configuration</li> <li>• Installing ESM on Production environment and analyzing results</li> <li>• Running two (2) diagnostic cycles during an eight (8)-week period</li> <li>• Performing remote analysis and reporting using the data extracted from the</li> </ul>

SAS® Professional Services			
Name	Fees	Unit of Measure	Description
			<p>embedded ESM database</p> <ul style="list-style-type: none"> <li>• Providing a summary of analysis and recommendations</li> </ul> <p><b>Assumptions</b></p> <ul style="list-style-type: none"> <li>• Project Duration: 10-11 weeks</li> <li>• Installation of ESM server and configuration of up to four (4) ESM agents for SAS 9.4 or Viya 3.5</li> <li>• Customer will ensure access and a SAS Admin to support deploy and configuration activities</li> </ul>
SAS Viya Health Check Subscription (Advisory Services)	\$106,400	Fixed Price, Per Unit, 12 months	<p><b>Summary of the Offer</b></p> <p>The SAS Platform Health Check Subscription evaluates your SAS environment to ensure optimal performance and alignment with best practices. SAS experts analyze configuration, infrastructure, and system performance to identify improvements and minimize downtime. The engagement delivers actionable recommendations for enhancing stability and efficiency.</p> <p><b>Deliverables</b></p> <ul style="list-style-type: none"> <li>• SAS will conduct up to four (4) quarterly assessments</li> <li>• Provide the SAS Health Check report: <ul style="list-style-type: none"> <li>- Detailed summary of findings</li> <li>- Insights on potential issue(s) to address in the SAS Environment</li> <li>- Best practice recommendations and next steps</li> </ul> </li> </ul> <p><b>Assumptions</b></p> <ul style="list-style-type: none"> <li>• Provide a Health Check Report on up to two (2) environments per contract year</li> <li>• Project Duration is one (1) year</li> <li>• SAS environment is operational and accessible for assessment</li> <li>• Health Check will only be provided for supported SAS Platforms</li> <li>• Service scope does not include; performance testing or benchmarking, installation of any software or analysis of 3rd party software</li> <li>• Work performed remotely unless otherwise agreed</li> <li>• Customer provides necessary access and resources for evaluation</li> </ul>
SAS Expert Consulting Service - SAS Professional Services Delivered (Advisory Services)	\$27,400	Fixed Price, Per Unit	<p><b>Summary of the Offer</b></p> <p>SAS Expert Consulting Services provides access to highly vetted IT and analytics professionals with specialized SAS skills to address staffing challenges. The service offers flexible options such as staff augmentation, contract-to-hire, and ongoing support to meet project demands quickly and cost-effectively. SAS manages candidate matching, screening, and resource oversight to ensure quality delivery.</p> <p><b>Deliverables</b></p> <ul style="list-style-type: none"> <li>• Identification and documentation of staffing requirements</li> <li>• Candidate matching from SAS Canadian Professional Services consultants</li> <li>• SAS highly skilled consultants: <ul style="list-style-type: none"> <li>- Work as part of the Customer team</li> </ul> </li> </ul>

SAS® Professional Services			
Name	Fees	Unit of Measure	Description
			<ul style="list-style-type: none"> <li>- Take direction from Customer</li> <li>- Provide guidance, insight and assistance supporting the Customer team for SAS Viya implementations</li> </ul> <p><b>Assumptions</b></p> <ul style="list-style-type: none"> <li>• Scope per Unit: Ten (10) hours per month for three (3) months</li> <li>• Customer defines project scope</li> <li>• Engagement focuses on SAS-related roles for example (administration, migrations, programming, data science)</li> <li>• Work is delivered remotely unless otherwise agreed</li> </ul>
SAS Expert Consulting Service - SAS Partner Delivered (Advisory Services)	\$24,300	Fixed Price, Per Unit	<p><b>Summary of the Offer</b> SAS Expert Consulting Services provides access to highly vetted IT and analytics professionals with specialized SAS skills to address staffing challenges. The service offers flexible options such as staff augmentation, contract-to-hire, and ongoing support to meet project demands quickly and cost-effectively. SAS manages candidate matching, screening, and resource oversight to ensure quality delivery.</p> <p><b>Deliverables</b></p> <ul style="list-style-type: none"> <li>• Identification and documentation of staffing requirements</li> <li>• Candidate matching from SAS Canadian Partner Network consultants</li> <li>• SAS highly skilled consultants: <ul style="list-style-type: none"> <li>- Work as part of the Customer team</li> <li>- Take direction from Customer</li> <li>- Provide guidance, insight and assistance supporting the Customer team for SAS Viya implementations</li> </ul> </li> </ul> <p><b>Assumptions</b></p> <ul style="list-style-type: none"> <li>• Scope per Unit: Ten (10) hours per month for three (3) months</li> <li>• Customer defines project scope</li> <li>• Engagement focuses on SAS-related roles for example (administration, migrations, programming, data science)</li> <li>• Work is delivered remotely unless otherwise agreed</li> </ul>
SAS Viya Platform Architect Installation (Implementation Services)	\$91,700	Fixed Price	<p><b>Summary of the Offer</b> The SAS Viya 4 Analytic Platform Architect &amp; Install service accelerates cloud deployment by providing expert architecture planning and installation of SAS Viya. SAS architects design a secure, scalable architecture aligned with enterprise IT standards, while installation consultants implement and validate the platform.</p> <p><b>Deliverables</b></p> <ul style="list-style-type: none"> <li>• Architecture: Design and deliver a comprehensive deployment strategy customized for your cloud environment.</li> <li>• Installation and configuration: Implementation and validation of the software deployment, system testing and launch validation.</li> </ul> <p><b>Assumptions</b></p>

SAS® Professional Services			
Name	Fees	Unit of Measure	Description
			<ul style="list-style-type: none"> <li>• Project Duration is ~six (6) weeks</li> <li>• Includes one (1) environment installation of SAS Viya 4</li> <li>• SAS supported cloud platforms in public cloud providers or on-premise, private cloud</li> <li>• Customer provides access to cloud environment and data sources</li> <li>• Includes up to five (5) data connector configuration</li> <li>• Work performed remotely unless otherwise agreed</li> </ul>
SAS Viya Delivery Unit (Implementation Services)	\$153,400	Fixed Price, Per Unit	<p><b>Summary of the Offer</b> The SAS Viya Delivery Unit provides focused, outcome-driven Viya engagements designed to accelerate time-to-value and adapt to evolving business needs. This service is tailored to deliver a six week project defined by the client with fixed scope and deliverables. Examples are: SAS 9.4 program/project migration, new development in Viya or SAS solutions. This offer provides the flexibility to deliver multiple units, as required.</p> <p><b>Deliverables</b></p> <ul style="list-style-type: none"> <li>• Delivery Unit Charter and Scope</li> <li>• Execution of defined scope activities</li> <li>• End of Delivery Unit Report (completion validation)</li> </ul> <p><b>Assumptions</b></p> <ul style="list-style-type: none"> <li>• Engagement scope defined jointly with customer</li> <li>• Project Duration: six(6) weeks.</li> <li>• Additional units can be stacked for evolving priorities</li> <li>• Customer provides timely access to resources and decision-makers</li> <li>• Work performed remotely unless otherwise agreed</li> </ul>
